9. The present Patasala is a temporary School and a grant-in-aid institution. Mr. Karnick Krishnamurthi Rao's proposed endowment contemplates a permanent institution, apparently to be fully maintained entirely at the cost of Government. The endowment offered by him is for maintaining a hostel as an adjunct of a Veda Patasala. It may not be possible for Government to undertake to establish, as a permanent measure on the conditions proposed a Veda Patasala at this place, and without a permanent institution there will be no occasion to consider the offer of an endowment for maintaining a connected hostel. All things considered, it does not appear to be feasible to entertain this application. Before, however, finally deciding the question we might get some more information in regard to the proposed endowment. The following particulars may be called for:-
